Dear Dr. Doe:

My name is Mindy Massage and I am a massage therapist practicing locally. I graduated from Any School of Massage Therapy in 2000 and took additional course work in neuromuscular massage and injury rehabilitation. I have a special interest in working with clients living with chronic pain, but I also provide general relaxation massage for stress reduction. I have enclosed an informational brochure about my practice.

As you are likely to know, clinical research demonstrates the value of massage as a means to decrease the symptoms related to a number of conditions including arthritis, fibromyalgia, low back pain, migraines, repetitive stress injuries, and injuries from sports activities and automobile accidents. I would like to partner with you to bring the therapeutic effects of massage to your patients.

I would like to give you a complimentary massage (or provide a massage to one of your staff or patients, with your supervision) so that you can experience firsthand the benefits of massage and judge the quality of my work. If you enjoy my work, I hope that you will allow me to place brochures in your reception area and that you will refer to me any of your patients who will benefit from massage. Please contact me at 222-333-9989 to set up an appointment. I will check back with you if I haven't received a call within the next two weeks. Thank you for your time and consideration.

Sincerely,

Mindy Massage
