

New! ABMP Web Builder

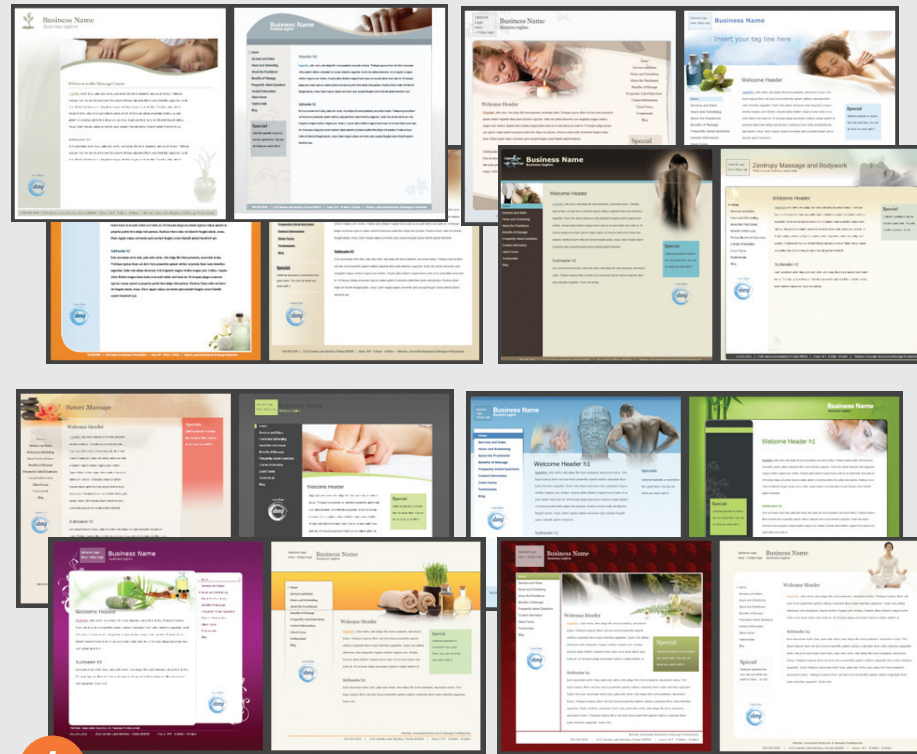

Attracting new clients all but requires a Web presence. Even if your primary marketing tool is word of mouth, people who receive a recommendation may want to check you out before they book an appointment. That's why having an online presence is key. ABMP makes that as easy as possible.

ABMP was the first to give its members free website building tools and hosting. And now we've made them even better. With a brand new set of user-friendly tools and pre-loaded content, publishing a website has never been easier.

And unlike other associations that cap your space and continually try to upsell the service, ABMP offers you unlimited website pages and free hosting for the duration of your membership.

Visit www.abmp.com today to start building your own website!

Benefits of Massage

Experts estimate that upwards of ninety percent of disease is stress related. And perhaps nothing ages us faster, internally and externally, than high stress. While eliminating anxiety and pressure altogether

A woman is lying on her side, receiving a massage. Her eyes are closed, and she appears relaxed. The massage therapist's hands are visible, applying pressure to her back. The background is a soft, neutral color.

2 Publish

2 Pick your pages. We provide a roadmap for your website, indexing 11 main pages—any of which you can publish, continue to work on, or delete. This way you know exactly how to build your site.

3 Use our pre-loaded content or add your own. We provide content for pages like "The Benefits of Massage" and "Frequently Asked Questions." On more personal pages, like the "About the Practitioner" page, you'll see content suggestions, such as "Add name and credentials, training, practice philosophy," so you have guidelines about what content should be on your site.
